

# standard configurations that exceed expectations

**This symbol** lets you know you're buying an EnviroSight Preferred Build-Out.

**So what is a Preferred Build-Out?** For years, we've tracked and analyzed the preferences of our inspection vehicle customers. We've identified the most popular configurations, and geared up to deliver those configurations faster and at less cost. These are the Preferred Build-Outs.

**And how do Preferred Build-Outs benefit me?** There are several reasons you'll want to consider buying a Preferred Build-Out:

- BENEFIT** → **Quotation Speed.** Preferred Build-Outs all have established pricing, which your dealer can quote them to you quicker. Moreover, there are a la carte options (also with established pricing) that still allow a degree of customization.
- BENEFIT** → **Cost & Delivery.** Because our inventory and processes are geared toward Preferred Build-Outs, we can build them more efficiently.
- BENEFIT** → **Customer Satisfaction.** Preferred Build-Outs reflect established industry preferences, so you can be confident in your purchase decision.

the lineup
